Emily Auld, Liberty Birtles and Ellie Williams.

Today's Children Matter

Core Values

- Success** Experiencing the excitement of achievement
- Personal** Cultivating our skills and resilience to achieve our dreams and aspirations
- Inspiration** Encouraging our young minds to achieve their full potential
- Respect** Treating each other with patience and understanding
- Inclusive** Celebrating our individuality and cultural diversity
- Talent** Identifying and nurturing each other's academic, sporting and artistic talents

Our students will experience the excitement of learning and achievement, they will have their academic, sporting and creative skills nurtured and developed to their individual potential. Students will develop the resilience to achieve their dreams and aspirations as we encourage our young minds to reach out and grasp all the opportunities life has to offer. We will be a community that works together, treating each other with patience and understanding, celebrating our individuality, our cultural diversity and supporting those additional needs that make us all unique.

Robert Matthews and Stephen Howells.

Left: Emily Auld, Emma Sinclair and Lottie Jones.
